Montaña Libre

Mountain and Science School for Girls and Boys, between Villarrica and Pucón

Tours · English

Digital menu

Experiences

Science, nature, and mountain adventures with guides, for children ages 7 to 16. Neurodivergent approach: everyone learns at their own pace. Dates, availability, and prices via WhatsApp.

Escuelita Outdoor

Every Saturday from 11:00 a.m. to 2:00 p.m. at the Huincacara Caves: hands-on science and nature every week.

Lab Vivo

Ages 10 to 16. Forests, water, and climate change in Villarrica National Park: terrariums, experiments, fungi, and a science journal.

Science Camps

Acampadas científicas

For all ages. Campfire and stargazing nights: naked-eye astronomy, fireflies, and forest nightlife.

Paleontological expedition

Expedición paleontológica

Ages 9 to 16. Exploring the ancient past in Cerduo Park, with documentation of the findings.

Workshops for schools

Talleres para colegios

Monday through Friday: interpretive tours, species studies, geography, meteorology, entomology, and basic first aid.
